

## SCHOOL & FAMILY INVOLVEMENT PLAN 2024 – 2025

### School & Family Involvement Mission...

to support all parents and guardians as an active participant in their child's education plan. Advanced Technology Academy's philosophy is aligned to the Joyce Epstein Model of empowering families through the provision of resources and activities related to parenting, communicating, volunteering, learning at home, making decisions, and collaborating with community. Creating and maintaining strong school to home partnerships will allow students to succeed in school, at home, and in their careers.

### Fundamental to our Mission...

is our commitment to the active involvement of a competent and caring staff, teamwork, shared leadership, the effective management of resources, and a safe and orderly learning environment. ATA prides itself on the dedication to our students, families, community, each other, our profession, and to continuous learning.

### Family involvement Means...

the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring that

- parents play an integral role in assisting their child's learning
- parents are encouraged to be actively involved in their children's education at school
- parents are full partners in their children's education,
- parents have a voice to assist in the education of their children
- the carrying out of other activities, such as those described in section 1118 of the ESEA

### Parent Continuous Improvement Meetings for 2024 – 2025 School Year
