

School-to-Home Compact
Developed Jointly for 25 - 26

- **9/25/2024** b2s Parent Survey: 11 of 22 said revisions were necessary but no specific suggestions were given
- **9/27/2024** Shared possible format change from sheet to brochure for next year's Compact w/ these comments to principals, directors and graphics department:
We are working on updating the Compact for NEXT YEAR - there are a number of steps we will take in this process based on and MDE family engagement series that myself, Jodellys and a parent representative attend quarterly.
 1. parent feedback on the b2s survey if it needed changes
 2. continue agenda item on the parent monthly meetings and surveys at all events
 3. feedback at conferences - we will need to have teachers present to parents as always but going forward they do not need collect or have them signed - as long as the sign-in sheet is completed - we will send one to you; the conversation should be centered on: "are the at home items barriers for that parent" and if so how can we help - more coming on this next week.
 4. parking lot / front desk feedback from parents
 5. staff feedback - will send some questions on what you can ask your staff at a Wednesday meeting- we would like to keep one district compact version but if you feel we need one for each school we can accommodate that too
 6. switch from sheet to brochureAshley / Robert if you want to make some changes on the graphics - we'd love to see some extra special creativity.

The yellow highlights are what we are interested in getting feedback on.

have a great weekend - almost done with with b2s survey results - hopefully next couple of hours - still waiting on some information

- **10/9/2024** Agenda item on the October MICIP Executive Meeting
- **10/11/2024** Compact Discussion at the October Parent CI Meeting + FAQ from b2s / Annual Meeting Survey
- **3/13 - 3/14 2025** March Conferences and March Conference Survey
 English Spring 2025 Conferences Survey - Google Forms.pdf
- **4/16/2025** Discussion at Monthly Title-I Meeting
